About Us

Who We Are

We provide turnkey solutions for Architecture, Interior Design and Landscape from all stages of design and construction; from feasibility studies, planning applications, conceptual and detailed design through to monitoring construction on-site, procurement, project management and hand-over, ensuring each project is finished to the highest level of quality and delivered with given cost and time

VIRA combine the practical and aesthetic aspects of our projects to provide focused and bespoke solutions to clients. In order to create unforgettable spaces, we use the finest materials, superior workmanship and in-house manufacturing capabilities to deliver Consistent and Comprehensive design to end users.

Why Us

Our expertise team delivers your project in a fast and effective way in terms of the cost and quality. In additions, we expert in providing value engineering to suit your budget in effective manner without affecting the concept of the design.

Our team is always ready and qualified to deal with them all kind of challenges in the project.

Our Vision is to be a reputable, sustainable, and desirable premier High-end design & built firm of the global market place providing the state-of-the-art innovative designs and superior quality finishing to shape spaces with “timeless designs” and want to be a globally recognized professional design & built firm, providing solutions in the field of Architecture, Interior, Landscape, MEP and Joinery

Our Mission is to create reward experience and positively influence the lives of all customers with whom we have the pleasure of working, and leave a lasting impression on their minds. We want every client experience to be the talk of a life time. Our long-term goals are always in line with our core values and always go one step further – to offer an exclusive customer service to our clients.

Services

Architectural

We extend our support to all your Design & Built Architecture needs. VIRA design and planning team work closely with you to create an unique concept for your project vision and specifications. Whether you need an enhancement to an existing concept or a completely new concept design, we can help you create guidelines to ensure your space is an extension of your vision. VIRA architects and designers can create layouts and full 3D renderings, so you can assess and visualize the full creative potential of your space. It does not matter if we are working existing specifications or creating new guidelines, we will ensure that your project looks exactly like you intended.

VIRA design team is expert in creating design from Luxury Mansions to Villas, Office Buildings to Residential Towers.

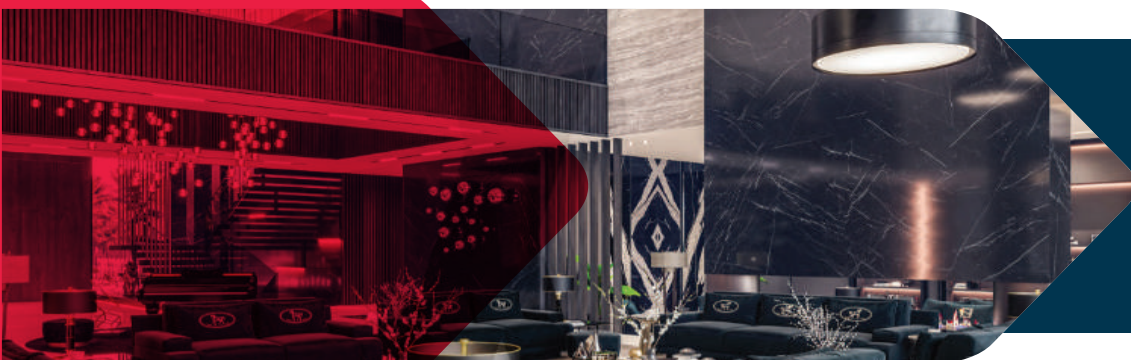

Interior Fit-Out

VIRA is one of leading turn key Interior Fit out design and built service and installation provider. We specialize in the implementation of all of your initiatives from the initial design concepts to the site survey and installation of furniture, fixtures, equipments, displays, and branding, we are always close by and available to respond to even the most last-minute request. Our unique combination of IN-HOUSE offerings makes us your single source provider whatever your needs are: From an individual installation to a global roll-out, we're prepared to handle any aspect of your business.

Joinery

VIRA Joinery plays a major role on our projects, we are the leading manufacturer of custom-made, bespoke furniture. We pride ourselves on our tailored service; creating made to measure pieces that adhere to our clients' specifications. Our commitment to quality extends to every area of the design and production process; sourcing only the finest quality materials for our bespoke furniture creations.
